FEU Tech's Abraham T. Magpantay and Micah Q. Tan attend the 21st TOPCIT Regular Evaluation Awards Ceremony

## COMPUTER SCIENCE STUDENT RECEIVES PRESIDENTIAL COMMISSIONER FOR HIGHER EDUCATION AWARD

Seoul, South Korea - **Micah Sophia Q. Tan**, a BS Computer Science student specializing in Software Engineering, attended the **TOPCIT (Test of Practical Competency in IT) Awards Ceremony 2024** at COEX Seoul last July to receive the **Presidential Commissioner for Higher Education Award** for achieving the highest score in the Philippine TOPCIT. She was accompanied by Computer Science faculty member Abraham T. Magpantay.

Micah was also part of the TOPCIT Human Resource Development Program which included visits to leading Korean companies, participation in the Unmanned System World Congress, and opportunities to experience and appreciate Korean culture.

# BACK-TO-BACK

## 9th TOPCIT Topnotchers

**TOP 1**

**Micah Sofia Tan**  
B.S. Computer Science

**TOP 2**

**Bianca Goldman**  
B.S. Computer Science

**TOP 3**

**Fiona Angela Alano**  
B.S. Information Technology

**TOP 8**

**Kayla Marie Bajar**  
B.S. Information Technology

## 10th TOPCIT Topnotchers

**TOP 1**

**Carl Justin Yanuario**  
B.S. Information Technology

**TOP 2**

**Angelo Mark Denso**  
B.S. Information Technology

**TOP 3**

**Kendric Ordoñez**  
B.S. Computer Science

**TOP 8**

**Kayla Marie Bajar**  
B.S. Information Technology

Students from the College of Computer Studies and Multimedia Arts (CCSMA) once again secured top ranks in the **10th Test of Practical Competency in Information and Communications Technology (TOPCIT)** for Philippine Higher Education Institutions.

**Carl Justin Yanuario** won 1st, followed by **Angelo Mark Denso** securing the 2nd highest, **Kendric Ordoñez** in the 7th place, and **Marilhee Christelle Ordanza** in the top 9. The national exam is administered by the Commission on Higher Education in collaboration with the Institute for Information and Communications Technology Promotion of the Government of South Korea.

For two consecutive years, FEU Tech has dominated the TOPCIT rankings, showcasing the outstanding academic excellence of our Tamaraws in the tech field.

CCSMA students also achieved high ranks in the 9<sup>th</sup> TOPCIT held in 2024, where **Micah Sophia Tan** earned Top 1, **Bianca Goldman** in Top 2, **Fiona Angela Alano** in Top 3, and **Kyla Marie Bajar** in Top 8.

*TOPCIT is a performance-evaluation-centered international exam designed to diagnose and assess the basic competencies of IT specialists and software developers entering and working in the IT industry.*

FEU Tech Senior Executive Director Dr. Benson T. Tan along with Dr. Romano Q. Neyra - Senior Director for Engineering, Dr. Ace C. Lagman - Senior Director for Computer Studies and Multimedia Arts, and Alexis Sy, Director of Quality Assurance attend the ceremony

## **FEU TECH IS GRANTED AUTONOMOUS STATUS**

FEU Institute of Technology has been officially granted **Autonomous Status** by the Commission on Higher Education in 2024 formalized by the CHED Memorandum Order No. 07, Series of 2024.

The autonomous status recognizes FEU Tech's series of milestones, their high level of academic excellence, administrative efficiency, and overall institutional performance.

Autonomous Higher Education Institutions are known for their top-quality education and consistently excellent program outcomes. They offer numerous accredited programs and are recognized as leaders in the field of education.

**1 OUT OF 30**

# ...AND HONORED AT CHED ICONS 2024

FEU Tech was also recognized for its outstanding contributions to higher education at the **Commission on Higher Education (CHED) Internationalization Champion of Nation-building and Sustainability (ICONS) 2024**.

Among their achievements include the 72nd ranking in the 2024 World University Rankings for Innovation (WURI). WURI is a global ranking system that assesses higher education institutions' real contributions to industry and society, highlighting innovative education, research, and societal engagement.

They were also recognized for earning the distinction of becoming an **ASEAN University Network-Quality Assurance (AUN QA) Associate Member University**, a network widely touted as a vital mechanism for the build-up of an active and renowned ASEAN community in higher education.

**Executive Director Rossana T. Adao received the prestigious awards from CHED Chairman Popoy de Vera.**

CHED ICONS is an annual event that recognizes Philippine colleges and universities that championed internationalization in Philippine Higher Education

# NIGHT 2024

**iTam Night 2024: Through the Cosmos** turned the FEU Diliman campus into a vibrant concert stage.

Through the dedication of the **Students Activities and Development Office (SADO)** and the efforts of the **Student Coordinating Council (SCC)** of **FEU Alabang, FEU Diliman, and FEU Tech** they were able to create a stellar trip that brought the Tamaraw community together under a canopy of stars. The theme, **Through the Cosmos**, set the vibe for an evening where imagination knew no bounds, blending the wonder of the universe with the dynamic energy of the Tamaraws.

The evening featured exceptional artists, each bringing their music on the stage. **Arthur Miguel**, the rising R&B sensation, captivated the audience with his soulful voice and heartfelt lyrics. Gloc-9's new protégé **Lira Bermudez** served the Tamaraws with a distinctive pop influence with a dash of hip-hop music.

Beloved folk-pop band **Ben&Ben** closed the evening with their signature harmonies and heartfelt storytelling, enchanting the crowd with fan favorites like "Kathang Isip" and "Leaves".

As the stars lit up the sky, Tamaraws gathered to celebrate music, community, and togetherness. The night was not just a concert—it was a cosmic showdown, proving once again why iTam Night is an experience any Tamaraw—new or old must never miss.

Seoul, South Korea- FEU Tech once again proved its excellence by ranking **72nd in the Global Top 300 Innovative Universities** of the **World University Ranks for Innovation (WURI) 2024**. This recognition places FEU Tech among the world's top institutions leading in innovation, surpassing many prestigious universities across the globe.

FEU Tech continues to solidify its reputation as a global innovator, achieving remarkable ranking where it excelled in three major categories: **Top 5 in Funding, Top 20 in Generative AI Application, and Top 22 in Global Resilience**, underscoring its commitment to pioneering education and technological advancement.

In the formal awarding in Seoul, FEU Tech's **Executive Director Rossana T. Adao** proudly accepted the gold plaque from **Dr. Kim Jin-Suk**, Executive Chair of the WURI Global Conference, and **Dr. Cho Dong-Sung**, Chair of the WURI Foundation. These distinctions further affirm FEU Tech's mission to equip students with the innovative mindset required to excel in a rapidly changing landscape.

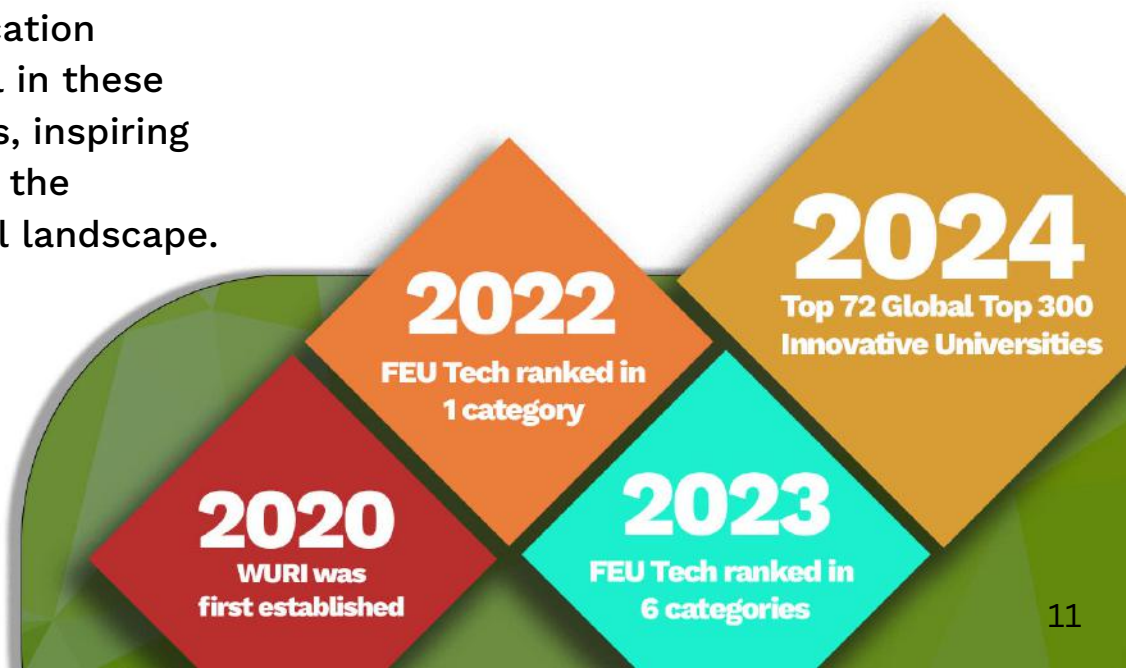

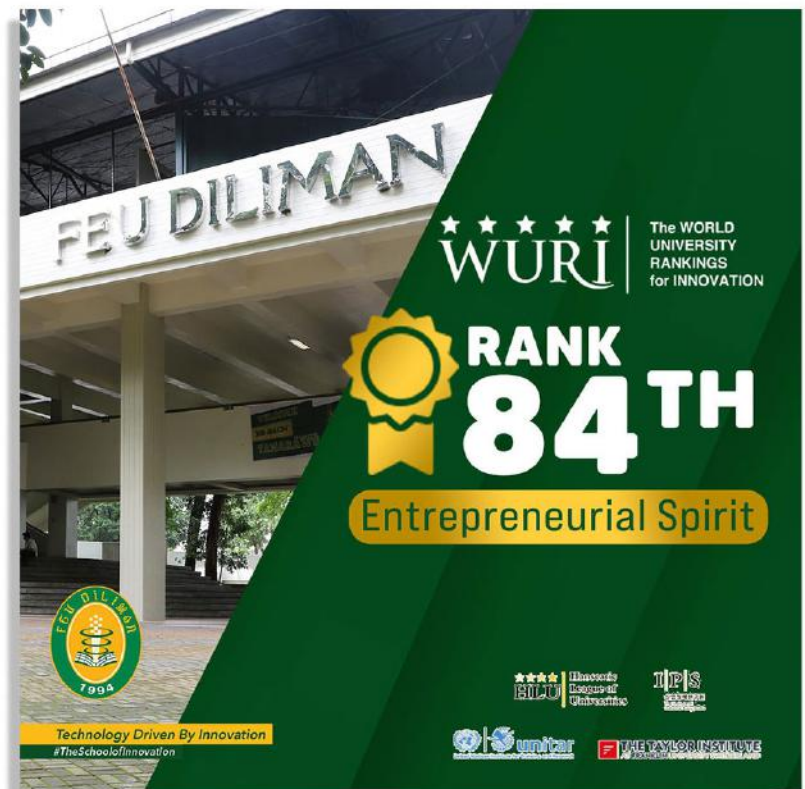

# The WORLD UNIVERSITY RANKINGS for INNOVATION

FEU Diliman has achieved a significant milestone by ranking **84th in the World University Rankings for Innovation (WURI) 2024 for Entrepreneurial Spirit**, a category that highlights the institution's initiatives to collectively foster an environment conducive to entrepreneurship and innovation.

FEU Diliman joins other prestigious universities like Stanford, Yale, and Harvard on this year's list.

WURI is a global university ranking system that evaluates and highlights higher education institutions that excel in these innovative approaches, inspiring advancements across the academic and societal landscape.

FEU Tech Executive Director Rossana T. Adao and Senior Director for Computer Studies and Multimedia Arts Dr. Ace Lagman with iTECH Speaker Professor Chul-Soo Ye of Far East University Korea

## iTECH 2024: FEU TECH, DILIMAN, AND ALABANG

### UNITE TO DRIVE INNOVATION IN TECHNOLOGY & RESEARCH

Tech experts, teaching associates, and students gathered at the **5th International Collaboration on Technology (iTECH 2024)** hosted by FEU Alabang, FEU Diliman, and FEU Tech at the Innovation Center to explore the latest in research and technology.

With the theme, ***“Empowering Tomorrow: Exploring the Frontiers of Research through Technology and Innovation”***, the event equipped future innovators with the tools and inspiration to tackle today’s pressing computing challenges. Distinguished keynote speakers including **Prof. Chul-Soo Ye, Ph.D.** from Far East University in Korea, shared insights on AI Computer Engineering.

Meanwhile, **Dr. Rosemarie G. Edillon**, Undersecretary of the National Economic and Development Authority (NEDA) discussed the evolving tech landscape in the Philippines. **Prof. Ming-Che Hsieh, Ph.D.**, of National Taitung University in Taiwan, provided an international perspective on emerging global innovation trends.

# FEU ALABANG SHUTTLE SERVICE

**San Pedro**

**Sta. Rosa**

To prioritize safety and make campus life more accessible, FEU Alabang introduced a new shuttle service which offers convenient and reliable transportation for students.

**Parañaque**

The shuttle service featured fixed routes connecting key locations such as Las Piñas, San Pedro, and nearby residential areas. Operating on a regular schedule, the shuttles cater to peak hours, aligning with class times to accommodate early morning and late afternoon commutes.

**Las Piñas**

Limited seats are available. Kindly reserve your seats 2 days before the scheduled trip by scanning the QR code. Passengers unable to make their reserved trip will be charged for the fare.

**SCAN ME**

# ROBOTICS Fair

Senior High School students achieved significant recognition and secured the **1st and 2nd Runner-up** at the **2024 Muntinlupa City Robotics Fair and Emerging Technology Exhibits** held at Colegio de Muntinlupa.

In the Robotics Competing category, **FEU Alabang's Team ASPO** claimed 1st Runner-Up for the engine entry-level prototype, while **Team SRB** earned 2nd Runner-Up. Their creativity and expertise captivated both judges and attendees, featuring the talent fostered at the institution.

Meanwhile, Glyris Vance Dawa, Tatiana Yzobel Arboleda, and Marcielle Reese Bessat finished as **2nd Runner-up** in the **ScienceQueST Quiz Show**, where they showcased their vast knowledge in science and technology.

Organized by DOST-NCR, DepEd-Muntinlupa, and De La Salle Santiago Zobel School, the Robotics Cosplay event provided another opportunity for the students to showcase their creativity and resourcefulness, as they presented their crafted costumes, where their creative ideas came to life.

## RHYTHMS OF HERITAGE

Grade 12 students took center stage at **Rhythms of Heritage**, a folk dance showcase held at the FEU Alabang Gymnasium. The event highlighted the rich traditions of Filipino folk dance, showcasing the artistry, grace, and storytelling embedded in the country's diverse cultural heritage.

Participants delivered captivating performances, bringing to life regional dances that reflect the history, values, and traditions of different communities across the Philippines. From the graceful movements of Maria Clara dances to the dynamic footwork of indigenous and rural dances, each performance emphasized the depth of Filipino culture.

## FIRST VIRTUAL EXCHANGE PROGRAM

FEU Alabang in collaboration with Kaohsiung Municipal Hsin-Chuang SHS in Taiwan, launched the first **Senior High School Virtual Exchange Program**.

Students were able to explore cultural perspectives and issues beyond their borders, fostering empathy and understanding. The program also challenged students' critical thinking as they engaged in discussions that encouraged them to analyze and reflect on global topics.

This enriching experience empowered SHS students to grow academically and personally by connecting with peers around the world. It also allowed students to gain real-world language practice and strengthened their communication abilities in a diverse setting.

# INNOVATOR JR. TAKES HOME JOURNALISM AWARDS

The Innovator Jr., official school publication of FEU Diliman, claimed its first journalism trophies—earned twice—in the first-ever Association of Private Schools Administrators, Inc. (APSA) held on Friday, October 18 at the Holy Family School of Quezon City.

FEU Diliman was recognized as the **4th Place Top Performing School overall** and **3rd Place Top Performing School in the Filipino Category** among the other 22 participating schools who joined the competition.

The Innovator Jr. proudly elevated the benchmark for future campus journalists, where 16 students in both junior and senior high school received awards in their respective categories, marking this achievement as a foundation of its legacy.

complete list of winners

## FEU DILIMAN CLINCHES 3RD GOLDEN DOUBLE IN CHESS

Baby Tamaraws continue to reign as champions in the UAAP Season 87 High School Chess Tournament, clinching both boys' and girls' division titles for three consecutive seasons at the Adamson Gym.

The Baby Tamaraws showed off their dominance, with the boys' team finishing undefeated with eight wins and the girls' team securing seven wins and one draw.

Leading the charge for the boy's team was **Season MVP Oscar Cantela**, who went undefeated and claimed a gold medal on Board 1. Five members of the boy's team also remained unbeaten.

Adding to their success, **Woman FIDE Master Ruelle Canino**, who represented the Philippines at the 2023 FIDE Chess Olympiad, delivered a flawless performance with eight wins that earned her **second straight MVP award and a gold medal on Board 2**.

# 2ND BUSINESS INNOVATION WEEK

The College of Accounts and Business successfully held its 2nd Business Innovation Week, promoting entrepreneurship, sustainability, and ethical leadership.

With the theme “**Community, Academia, and Business**”, students displayed innovative business booths and feasibility studies. Seminars were also conducted to provide valuable insights about sustainable business practices.

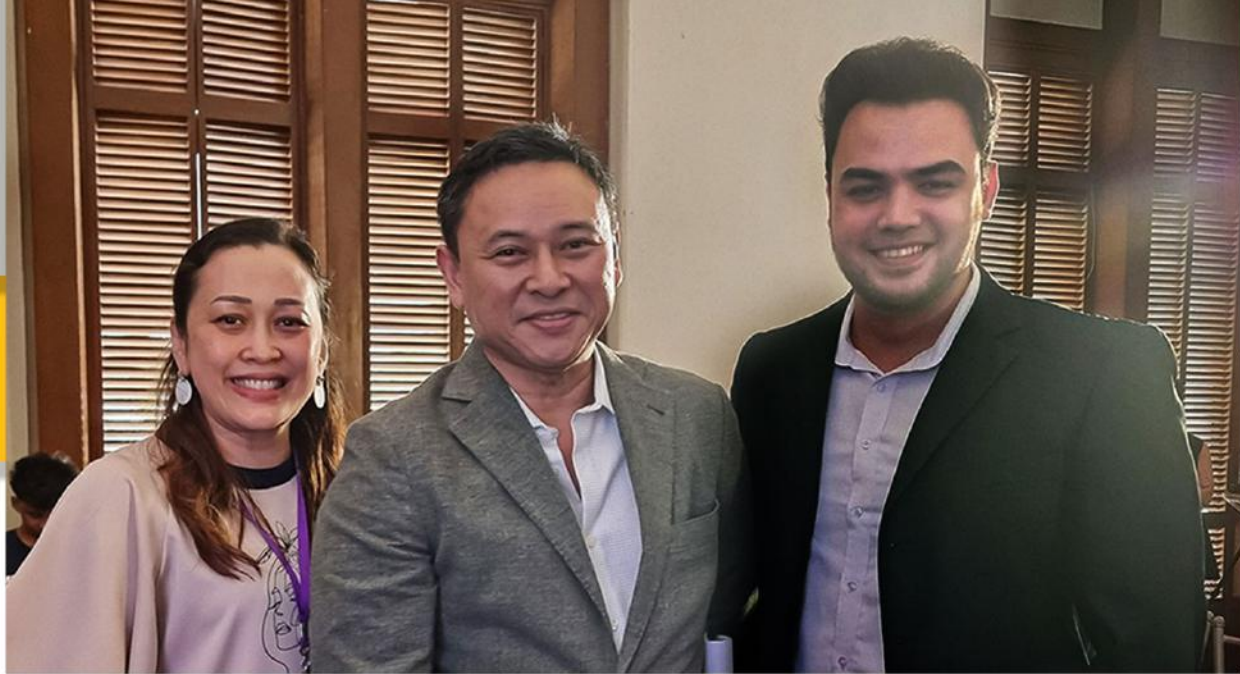

FEU Diliman also invited guests from Barangay Holy Spirit to join the celebration to build engagement and to empower students with important skills for responsible business leadership in the community.

## TAMARAW REPRESENTS PH, SECURES JET SKI WORLD CHAMPIONSHIP

**Angelo Iñigo Ventus**, a Business Administration student, made waves in the international jet ski scene after securing the World Champion title in the Novice Runabout Stock 1100 category at the WGP-1 IJSBA World Championships 2024, in Lake Havasu, Arizona.

## FEU TECH LEADERS ENGAGE IN 'DIGITAL HORIZONS' TO ADVANCE LEARNING

In a bid to advance technology in the Philippines, FEU Tech's **Executive Director Rossana T. Adao** and **Educational Innovation and Technology Hub (EdITH) Director Dr. Manuel B. Garcia** joined top industry leaders and policymakers, including Department of Education (DepEd) Philippines Secretary Sonny Angara at **Digital Horizons: The Future of Philippine Education** last October.

Organized by Kaya Founders in partnership with DepEd, the event served as a platform for educators, tech innovators, and policymakers to explore how digital solutions can address learning gaps and improve access to quality education. Discussions highlighted the role of technology-driven learning tools in making education more inclusive and adaptive to students' evolving needs.

The TAMHAUNT: Halloween edition of MILES Virtual World launched last November 1 which offered students a thrilling and spine-chilling adventure. With the latest update, users were transported into a haunted digital realm where shadows seemed to come alive.

Higher educational professionals gathered at the EdITHABLE Episode 5 titled **“Prompt Engineering: A Practical Approach for Higher Education Institutions to Harness Generative AI”**. This episode explored the role of prompt engineering in enhancing teaching methods, research, and academic workflows.

Alec Sison, FEU Tech’s A.I. Development Lead, emphasized the growing significance of AI in education where institutions were prompted to adopt practical strategies for AI integration. The attendees actively engaged in exploring techniques to refine AI prompts for various academic applications.

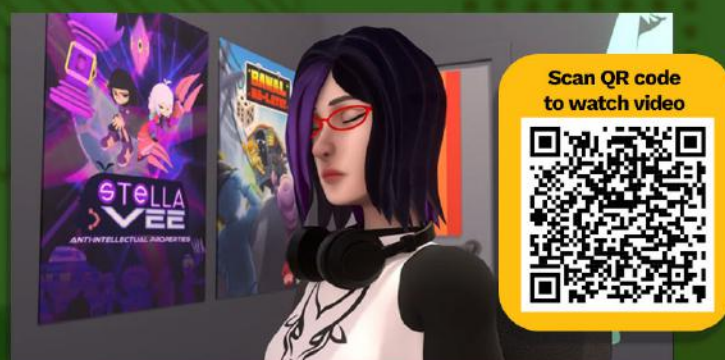

**Dr. Manuel B. Garcia**, founding Director of the Educational Innovation and Technology Hub (EdITH) and faculty of the College of Computer Studies and Multimedia Arts, was recently honored with the **2024 Ramon Dimacali Award for Information Technology**.

Dr. Garcia is the **first recipient** of this prestigious award—evidence of his invaluable contributions to IT research, relentless pursuit of innovation and academic excellence, and commitment to shaping the next generation of leaders.

MILES Virtual World launched a social interaction with its first-ever education-focused update, the PC Building Edition.

This latest addition transformed the platform into an interactive learning space where users could potentially build, customize, and master the fundamentals of PC hardware.

# TEACHING ASSOCIATES GEAR UP FOR ARISE DESIGN THINKING WORKSHOP

Faculty members dove into the five essential steps of design thinking—*empathize, define, ideate, prototype, and test*—during the first session of the ARISE Design Thinking Technopreneurship workshop. They participated in interactive activities designed to cultivate creativity, innovation, and teamwork, preparing them for the next phase.

On the next session, guest speaker **Karla Legaspi, Head of Programs for Community and Engagement at QBO Innovation** led an in-depth discussion on the Business Innovation Model and Product Market Fit, emphasizing the importance of refining business models to create new value propositions and capture emerging market opportunities.

## SMART-PLDT & HUAWEI SHARE CYBERSECURITY BEST PRACTICES TO FEU TECH STUDENTS

Students from FEU Tech learned valuable insights on AI-driven security and cybersecurity frameworks in a seminar hosted by the College of Computer Studies and Multimedia Arts (CCSMA), Industry-Academe Linkage, Alumni, and Placement Office (IALAP) and the FEU Tech Innovation Center (FTIC) in cooperation with Smart-PLDT and Huawei.

Experts discussed identifying phishing attacks and other cyber threats including those generated by A.I. so students can safely navigate the online world. Cyber criminals use A.I. to craft phishing messages, clone voices and even perform outbound calls.

## FEU TECH EMPOWERS YOUNG INNOVATORS AT STARTUP SPARK 2024

For its fifth consecutive year as an official community partner, the FEU Tech Innovation Center (FTIC) proudly hosted **StartUp Spark: Igniting the Next Generation of Innovators**, for Philippine Startup Week 2024. The event successfully convened young entrepreneurs, startup founders, and industry leaders to explore the future of the Philippine startup ecosystem.

Keynote speakers, **Monchito B. Ibrahim**, Executive Member of the National Innovation Council at the National Economic and Development Authority (NEDA), and **Undersecretary Maria Francesca Montes-del Rosario**, Head of the ICT Group and Chief Information Officer at the Department of Budget and Management, highlighted the crucial role of digital transformation and innovation in shaping the nation's economy.

Serving as a vibrant hub for networking and collaboration, StartUp Spark 2024 effectively connected students and aspiring entrepreneurs with seasoned industry professionals.

Launched in 2018, the FEU Tech Innovation Center (FTIC) is a leading ecosystem of learning support for students, alumni, faculty, and employees who aim to incubate their business ideas or social enterprises.

# FEU TECH GOES INTERNATIONAL

Fionna Desserei Baculi (center) with Senior Director for Academic Services Dr. Remella A. Cabreros, Senior Director for Engineering Dr. Romano Q. Neyra, Program Director of Computer Engineering Engr. Nino U. Pilueta, FEU Tech Executive Director Rossana T. Adao, Director of Industry Academe, Linkage, Alumni and Placement Samantha Kyle R. Sadorra, and IALAP Partnerships and Marketing Associate Paulyn Garcia.

Fionna Desserei Baculi, a B.S. Computer Engineering student, President's Scholar, DOST Scholar, and VP Internal of the Computer Engineering Organization, represented FEU Institute of Technology at the Language & Culture Camp of Ming Chi University of Technology (MCUT) in Taiwan. The Summer Camp that lasted for 10-days, gave Fionna opportunities to learn Mandarin, immerse in cultural activities, explore the MCUT campus, and enjoy field trips to various attractions in Taiwan.

## Australia

Swinburne University of Technology's Neema Cucinotta with the FEU Tech team: Executive Director Rossana T. Adao, Senior Director for Administration Jarvis C. Muyargas, Senior Director for College of Computer Studies and Multimedia Arts Dr. Ace C. Lagman, Senior Director for Engineering Dr. Romano Q. Neyra, Director of Research Engr. Mylene J. Gomez, Program Director of Multimedia Arts Abigail Alix, Multimedia Arts Coordinator Wilson L. Yu II, Director of IALAP Samantha Sadorra, and IALAP Partnership and Marketing Associate Paulyn Garcia.

FEU Tech, through the Industry-Academe Linkage, Alumni, and Placement Office, partnered with Swinburne University of Technology, a world-ranked university based in Melbourne, Australia that focuses on high-quality research, innovation, industry partnerships, and social inclusion.

Neema Cucinotta, the Director of Transnational Education Partnerships, shared the transnational education system implemented in Australia while FEU Tech Academic Directors presented the institution's academic structure and potential research collaborations with Swinburne. They also showcased state-of-the-art facilities and innovative programs of the FEU Tech Innovation Center.

# WATER TRAINING SURVIVAL FOR NSTP STUDENTS AND ASSOCIATES

National Service Training Program (NSTP) in collaboration with the Philippine Coast Guard, conducted Water Survival Training for students and associates last November at FEU Tech.

The training enhanced students' response to water-related emergencies, covering water treading, survival floating, back floating/sculling, improvised flotation devices, and rescue equipment.

NSTP 1 students were able to demonstrate their ability to apply these skills in simulated rescue scenarios.

Scan QR code to

## ZERO WASTE MANAGEMENT

Scan QR code to  
watch full video

In a strong push for environmental awareness, FEU Tech, through the Mathematics & Physical Sciences Department in collaboration with the College of Computer Sciences and Multimedia Arts and the iTamaraw Center for Academic Resources and Enrichment (iCARE) hosted **“Zero Waste, Infinite Solutions: A Campaign on Solid Waste Management Towards a Sustainable Future”** at the FEU Tech Innovation Center.

Students and associates participated in various discussions where industry experts shared the responsibility of businesses, institutions, and individuals in addressing the environmental issues. It also explored zero-waste practices and innovative recycling solutions to promote a greener FEU Tech community.

# CONGRATULATIONS

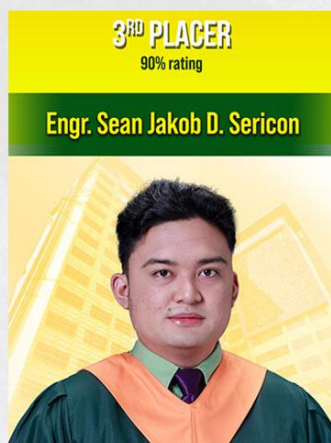

## ELECTRONICS TECHNICIANS TOPNOTCHERS

Engineering graduates from FEU Alabang and FEU Tech excelled in the October 2024 **Electronics Technicians (ECT) Licensure Exam**, securing top spots.

For FEU Tech, **Engr. Aubrey Gay J. Ronquillo** placed 2nd (92%), while **Engrs. Marvin R. Molina** and **Alexander Bien G. Lee II** tied for 3rd (90%). The institute was also the Top 1 Performing School in the October 2024 ECT, with a 94.34% passing rate.

**Engrs. Sean Jakob D. Sericon** and **Mary Franz P. Formalejo** from FEU Alabang joined the topnotchers list with Top 1 and Top 3 finishes.

These achievements highlight FEU Tech and FEU Alabang's commitment to producing top-tier professionals through quality education and innovation-driven learning.
